

Real? Fake?

Spot the difference!

Swiss Police Edition's latest publication deals with the problem of forged documents. This manual was developed and written by authors of the forensic science unit of Zurich's cantonal police force.

If your daily routine involves examining **badges, identity cards, bank notes, tickets, securities** and the like, you will have to know all about

- the latest developments in forgery techniques
- existing anti-counterfeiting items
- inspection procedures in order to spot signs of forgery

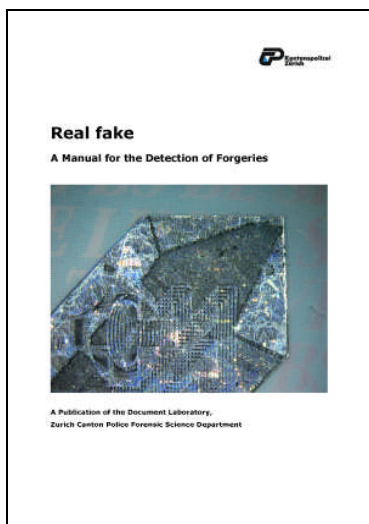

This comprehensibly written manual with lots of **practical examples** will equip you with **the knowledge you need** in order to identify forged documents reliably and with confidence.

Order this helpful manual now for only

only **CHF 39.–**

(plus postage and packing)
